

MOHAMMAD IBRAHIM KHALIL

Manager – IT | IT Infrastructure & Digital Transformation Leader | 13+ Years' Experience
01911-848073 | ibrahim.cse10@gmail.com | Green Road, Dhaka | [Linkedin](#) | [Portfolio](#) | [Github](#)

CAREER SUMMARY

Results-driven IT Manager with 13+ years leading enterprise IT operations, infrastructure planning, and digital transformation across telecom, healthcare, pharmaceutical, and retail organizations in Bangladesh. Skilled in building and leading IT teams, managing multi-crore vendor and procurement budgets, and driving ERP-led process improvement across multi-location operations. CCNA, MTCNA, and MTCRE certified, with a consistent record of 99%+ uptime SLAs, 70% reduction in security risk, and double-digit efficiency and cost gains. Currently expanding capability in AI-driven IT operations, applied cybersecurity, and DevOps to lead technology strategy for growing organizations.

CORE COMPETENCIES

- | | | |
|--|---|-----------------------------------|
| ▪ IT Strategy & Infrastructure Planning | ▪ Team Leadership & Mentoring | ▪ Budget & Vendor Management |
| ▪ ERP Implementation (Design–Deploy) | ▪ Network Architecture (LAN/WAN/VPN) | ▪ Cybersecurity & Risk Governance |
| ▪ Windows & Linux Server Administration | ▪ Business Continuity & Disaster Recovery | ▪ Microsoft 365 & DevOps |
| ▪ Active Directory & Identity Management | ▪ Multi-Site Operations Management | ▪ Stakeholder Communication |

PROFESSIONAL EXPERIENCE

- Manager – IT | Micron Infosys — Rampura, Dhaka

Nov 2025 – Present

 - Implemented cloud solutions to enhance scalability and flexibility, resulting in a 50% reduction in infrastructure costs.
 - Conducted regular audits and assessments to ensure compliance with industry standards, achieving a 100% compliance rate during external reviews.
 - Developed a comprehensive disaster recovery plan, ensuring business continuity and minimizing downtime in the event of unforeseen incidents.
 - Leveraged emerging technologies such as AI and machine learning to automate routine tasks, freeing up 20% of team resources for strategic initiatives.
 - Established a robust IT governance framework, aligning technology investments with business objectives and enhancing overall accountability.
- Assistant Manager – IT | AKS Khan Healthcare Limited — Dhanmondi, Dhaka

Nov 2023 – Nov 2025 (2 yrs)

 - Developed and implemented comprehensive training programs for staff, enhancing technical proficiency and fostering a culture of continuous improvement within the organization.
 - Collaborated with cross-functional teams to identify and address IT-related challenges, driving innovative solutions that aligned with business objectives and improved overall productivity.
 - Conducted regular audits and assessments of IT systems and processes, ensuring adherence to industry standards and best practices while identifying areas for further enhancement.
 - Established key performance indicators (KPIs) to measure the effectiveness of IT initiatives, providing actionable insights that informed strategic decision-making and resource allocation.
 - Championed cybersecurity awareness initiatives, significantly reducing the risk of data breaches and enhancing the organization's overall security posture.
- Senior System Engineer – IT | Mir Telecom Group — Gulshan-1, Dhaka

Oct 2014 – Nov 2023 (9.3 yrs)

 - Collaborated with cross-functional teams to align IT strategies with business objectives, enhancing operational efficiency and driving innovation.
 - Developed and delivered training programs for staff on new technologies and systems, fostering a culture of continuous learning and adaptation.
 - Established key performance indicators (KPIs) to measure IT performance and service delivery, facilitating data-driven decision-making.
 - Engaged in vendor management, negotiating contracts and ensuring service level agreements (SLAs) were met, optimizing resource allocation.
 - Championed sustainability initiatives within IT operations, reducing energy consumption and promoting eco-friendly practices across the organization.

- Collaborated with cross-functional teams to enhance system performance and streamline processes, resulting in a 15% increase in operational efficiency.
- Developed and delivered training sessions for end-users, empowering them to effectively utilize technology and reducing support requests by 20%.
- Implemented proactive monitoring solutions that identified potential issues before they escalated, ensuring uninterrupted service delivery and client satisfaction.

- Established and maintained relationships with key technology vendors, negotiating contracts that optimize costs and enhance service quality.
- Data analytics to inform decision-making processes, enhancing inventory management and customer engagement strategies.
- Spearheaded change management initiatives to facilitate the adoption of new technologies, ensuring minimal disruption to operations.
